How does this program work?

Weekly LIVE Q&A and Guest Sessions

Have doubts about the program content or need guidance on overcoming roadblocks while scaling your career? We've got you covered. Every week the mentor will come LIVE and answer any question you throw at him LIVE. Not only can you learn from your mentor but you can learn from other experts too!

On-Demand Content

We know coming LIVE daily to learn can be difficult. Hence we have created the on-demand video track where you can learn the most important concepts required by spending the least amount of time. Study the video content at your pace and then come up with your doubts weekly to get them answered in the Q&A session.

Jamming & Networking Sessions

Learning alone online can be boring & difficult. So, this program is structured in a model: Learn - Ask Questions - Discuss - Apply. Hence every week, there will be a live session for you to discuss and share ideas with your peers, and jam on different problem statements so that you can meet new people and learn together!

FAQ's

FAQ's

1. What is the difference between UX and UI?

UX design refers to the term User Experience Design, while UI stands for User Interface Design. Both are equally important to build a meaningful product. A user's experience of the app is determined by how they interact with it and User Interface focus on look and feel of it.

2. What actually UI/UX designers do?

3. Who can opt for this course?
